

The EDGE™

Universal Belt Squeegee Sharpener

A.W.T. engineering gives you The Edge™ in continuous belt squeegee sharpening:

sharpen any squeegee blade uniformly and accurately without nicks. Designed for urethane, rubber or other standard squeegee blade formulas, The Edge is easy to set-up and operate, with a wide range of belt grits available. Pre-set belt speeds prevent blade damage.

A.W.T.'s exclusive squeegee holder option enhances sharpening uniformity by locking the blade into place during operation and is compatible with wood, metal or machine squeegee holders. Optional support bar feature allows bevel sharpening at 45 degree angles.

Shown with optional squeegee holder attachment

The Edge™ Universal Continuous Belt Squeegee Sharpener

STANDARD FEATURES:

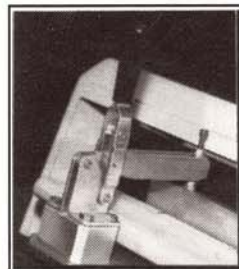

- Easy to set-up and use
- For any urethane or rubber blade up to 148"
- Long-life carbide continuous sharpening belts
- Wide range of belt grits for coarse and fine sharpening requirements
- Easy to change belts

OPTIONAL FEATURES:

- Squeegee holder attachment (see description)
- Dust collector

EXCLUSIVE:

Optional Squeegee Holder Attachment clamps squeegee blade into position instead of handle to ensure equal pressure from end to end. Works with wood, metal or machine squeegee holders.

Sharpening belts available from 60 to 600 grit. See your G.P.I. catalog or call for prices.

Cat. No.	Description	Maximum Sharpening Length	Electrical	Horse Power	Amps
