

# BIG GRIPPER 2™

Screen Frame Clamping System with  
Micro-Registration

**Big Gripper 2™ shown with optional  
Accu-Glide™ One-man Squeegee Unit, frame and Sidekick  
Frame Lifting Device.**

## ADVANTAGES

- Outstanding stability for precision x/y micro-registration
- Clamps hold large and small frames from 1.25" to 2.5" high
- One-piece aluminum rear frame holder provides superior support
- Holds square and round (roller) frames
- Mount the Big Gripper 2™ to any printing base or table using only two bolt holes
- Off-contact is easily adjustable up to 3/4" high
- Heavy-duty construction for years of reliable use

AWT's Big Gripper 2™ heavy-duty Screen Frame Clamping System can be used with wood and metal frames of all shapes and sizes, including roller frames.

Redesigned with increased stability for precision micro-registration, the Big Gripper 2 uses a single-piece aluminum frame holder to provide optimal support for all frames for exact x/y registration and print repeatability. Heavy-duty construction ensures that accurate registration is maintained throughout the job.

The Big Gripper 2™ holds frames from a minimum of 1.25" to a maximum of 2.5" high. Perfect for single and multi-color printing, the Big Gripper 2™ is available in a wide range of sizes. Additional clamps are available for larger frames.

BG2-M3855	Big Gripper 2™ with two hinge clamps.	38 X 55"	62.5"
BG2-M4464	Big Gripper 2™ with two hinge clamps.	44 X 64"	71.1"

## ADDITIONAL AWT PRODUCTS

### Heavy-duty, Reversible Sidekick

The AWT Sidekick hold up your frame on the left or right side while screen printing. These sidekicks are designed to meet the needs of printers on hand tables and one-man vacuum tables for small and large frames.

These clamp-on devices are constructed from gauge steel with spring action lift, and are easily assembled on frames. They come in two sizes and can work on frames up to 2" high.

### Liquid Seal

AWT's Liquid-Seal™ is a flexible and strong adhesive product with multiple applications in your screen making department. Adhere fabric to frames, seal wood frames, block out screens and eliminate ink seepage. Liquid-Seal works on wood, aluminum, steel, plastic or any other type of frame.
